ABOUT THE COURSE AND ITS SCOPE

BBA Aviation Management is a specialized undergraduate program that combines business management principles with the dynamic world of aviation. The course equips students with knowledge of airport operations, airline management, aviation safety, logistics, customer service, aviation law, and strategic planning. With the rapid growth of the global aviation industry, graduates are prepared for diverse career opportunities in airlines, airports, cargo and logistics companies, aviation consultancy firms, and regulatory bodies. The program develops leadership, communication, and operational management skills, enabling students to excel in managerial and administrative roles while contributing to the future of the aviation sector.

BBA AVIATION MANAGEMENT AT CGC UNIVERSITY, MOHALI

BBA Aviation Management at CGC University, Mohali is designed to prepare students for successful careers in the rapidly expanding aviation and airport management sector. The program combines core business management concepts with specialized aviation knowledge, including airline operations, airport management, aviation safety, logistics, customer service, and aviation regulations. Through industry-oriented learning, practical exposure, expert mentorship, and skill-based training, students gain the expertise required to thrive in the global aviation industry. With a focus on leadership, communication, and operational excellence, the program opens pathways to careers in airlines, airports, cargo management, travel and tourism, and aviation-related organizations worldwide.

ELIGIBILITY

Passed 10+2 or an equivalent examination in any stream from a recognized board with at least 50% marks (45% for reserved categories)
